Dear Colleagues:

Thank you for your willingness to serve on the Named Faculty Appointments Committee for 2017-2018. The new members joining the Committee this year for a three-year term are Asef Bayat, Tami Bond, Gregory Girolami and Hillary Klonoff-Cohen. I look forward to your contribution, and thank departing members James Morrissey, Andrew Singer, Theodore Sougiannis and Robin Wilson for their outstanding service. Vice Provost William Bernhard will serve as staff to the committee.

The Committee is responsible for all nominations to campus-wide chairs, for providing advice on policies governing such appointments, and for reviewing proposed appointments to chairs and professorships held by the colleges and departments. Because much of our future strength as a university depends upon the wisdom with which we award our named appointments, the work of this committee is vital. Enclosed for your information is a copy of Provost's Communication No. 6, which outlines campus policy concerning named appointments.

I appreciate your willingness to serve in this important role for the university, and I will be grateful for your advice on these critical appointments.

Sincerely,

John P. Wilkin
Interim Vice Chancellor for Academic Affairs
