Dear Colleagues,

Thank you for your willingness to serve on the Campus Awards & Honors Committee for AY2017-18. This committee serves in an advisory role to assist with campus efforts to identify and nominate faculty scholars for prestigious awards and honors. The charge of the Campus Awards & Honors Committee is to:

1. Review criteria and guidelines for major national and international honors, awards, and prizes, and identify potential candidates whose career achievements make them compelling nominees for such awards based on the criteria. In some cases, the committee will want to map out multi-year plans and strategies for future nominations.
2. Review and evaluate nominations and provide awardee recommendations for each of the three [Campus Awards for Excellence in Faculty Leadership](#).

Professor Tamer Başar, Swanlund Endowed Chair and CAS Professor of Electrical and Computer Engineering, has agreed to continue to chair the committee, and Kim Green from the Provost's Office will serve as an *ex officio* member of the committee.

The collective knowledge of this committee will provide a systematic and organized process for these important awards and your work will have a positive impact on enhancing the visibility of the full range of scholarship at the University of Illinois.

I appreciate your service on this important committee.

Sincerely,
